## Independent Auditor's Report

To the Board of Directors  
Fairbanks Ranch Community Services District  
750 Second Street  
Encinitas, California 92024

### Report on Financial Statements

We have audited the accompanying financial statements of Fairbanks Ranch Community Services District, which comprise the statements of net position as of June 30, 2016 and 2015, and the related statements of revenues, expenses and changes in net position and cash flows for the years then ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Fairbanks Ranch Community Services District as of June 30, 2016 and 2015, and the changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Matters***

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 - 6 be presented to supplement the financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the financial performance of Fairbanks Ranch Community Services District (District) provides an overview of the District's financial activities for the year ended June 30, 2016. Please read it in conjunction with the District's financial statements, which begin on page 7.

### **Financial Statements**

This discussion and analysis provides an introduction and a brief description of the District's financial statements, including the relationship of the statements to each other and the significant differences in the information they provide. The District's financial statements include four components:

- Statements of Net Position
- Statements of Revenues, Expenses and Changes in Net Position
- Statements of Cash Flows
- Notes to the Financial Statements.

The statement of net position includes all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between the two reported as net position. Net position may be displayed in the categories:

- Net Investment in Capital Assets
- Restricted
- Unrestricted

The statement of net position provides the basis for computing rate of return, evaluating the capital structure of the District and assessing its liquidity and financial flexibility.

The statement of revenues, expenses and changes in net position presents information which shows how the District's net position changed during the year. All of the current year's revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The statement of revenues, expenses and changes in net position measures the success of the District's operations over the past year and determines whether the District has recovered its costs through sewer service charges.

The statement of cash flows provides information regarding the District's cash receipts and cash disbursements during the year. This statement may report cash activity in four categories:

- Operations
- Capital and related financing
- Noncapital financing
- Investing

This statement differs from the statement of revenues, expenses and changes in net position because the statement accounts only for transactions that result in cash receipts or cash disbursements.

The notes to the financial statements provide a description of the accounting policies used to prepare the financial statements and present material disclosures required by generally accepted accounting principles that are not otherwise present in the financial statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### Financial Highlights

- The District's net position decreased by \$84,617 to \$6,665,515 for the year ended June 30, 2016.
- The District's total revenues increased from \$621,106 for the year ended June 30, 2015, to \$627,728 for the year ended June 30, 2016.
- The District's total expenses decreased from \$731,640 for the year ended June 30, 2015, to \$712,345 for the year ended June 30, 2016. This was driven by a decrease in sewage collection and treatment, and decreased depreciation.

### Financial Analysis of the District

#### Net Position

The following is a summary of the District's statements of net position at June 30:

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>	<u>Percentage Change</u>
<u>Assets:</u>				
Current assets	\$ 2,985,631	\$ 3,095,718	\$ (110,087)	(3.56)
Capital assets	3,735,533	3,853,626	(118,093)	(3.06)
Total Assets	<u>\$ 6,721,164</u>	<u>\$ 6,949,344</u>	<u>\$ (228,180)</u>	(3.28)
<u>Liabilities:</u>				
Current liabilities	\$ 55,649	\$ 199,212	\$ (143,563)	(72.07)
Total liabilities	<u>\$ 55,649</u>	<u>\$ 199,212</u>	<u>\$ (143,563)</u>	(72.07)
<u>Net Position:</u>				
Net investment in capital assets	\$ 3,735,533	\$ 3,714,811	\$ 20,722	0.56
Unrestricted	2,929,982	3,035,321	(105,339)	(3.47)
Total Net Position	<u>\$ 6,665,515</u>	<u>\$ 6,750,132</u>	<u>\$ (84,617)</u>	1.25

As you can see from the table above, net position decreased by \$84,617 from fiscal year 2015 to 2016. Looking more carefully you will note that this is being driven by unrestricted net position (that which can be used to finance day-to-day operations) which decreased \$105,339. This is due to a decrease in net working capital, resulting from the use of cash to fund capital projects, service debt, and repair equipment.

Net investment in capital assets increased \$20,722 in fiscal year 2016. This increase is the result of principal paid on the note payable and its investment in capital assets, net of depreciation expense.

### Financial Analysis of the District (Continued)

#### Revenues, Expenses and Changes in Net Position

The following is a summary of the District's revenues, expenses and changes in net position for the years ended June 30:

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>	<u>Percentage Change</u>
Operating revenues	\$ 615,786	\$ 613,317	\$ 2,469	0.40
Nonoperating revenues	<u>11,942</u>	<u>7,789</u>	<u>4,153</u>	53.32
Total Revenues	<u>627,728</u>	<u>621,106</u>	<u>6,622</u>	1.07
Depreciation expense	211,581	190,976	20,605	10.79
Other operating expense	500,511	538,529	(38,018)	(7.06)
Nonoperating expense	<u>253</u>	<u>2,135</u>	<u>(1,882)</u>	(88.15)
Total Expenses	<u>712,345</u>	<u>731,640</u>	<u>(19,295)</u>	(2.64)
Change in Net Position	(84,617)	(110,534)	25,917	(23.45)
Net Position at Beginning of Year	<u>6,750,132</u>	<u>6,860,666</u>	<u>(110,534)</u>	(1.61)
Net Position at End of Year	<u>\$ 6,665,515</u>	<u>\$ 6,750,132</u>	<u>\$ (84,617)</u>	(1.25)

The District's operating revenues increased by \$2,469 in fiscal year 2016. Nonoperating revenues increased by \$4,153 in fiscal year 2016 due to an increase in investment income. Operating expenses, exclusive of depreciation, decreased \$38,018 in fiscal year 2016 due to decreased power usage and repairs and maintenance.

#### Capital Assets

Capital assets consist of the following at June 30:

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>	<u>Percentage Change</u>
<b><u>Capital Assets Not Being Depreciated:</u></b>

**Note Payable**

Note payable consist of the following at June 30:

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>	<u>Percentage Change</u>
Note payable	\$ <u>          -</u>	\$ <u>  119,322</u>	\$ <u>  (119,322)</u>	(100.00)

The District reduced its debt outstanding by \$119,322 during the year ended June 30, 2016. No new debt has been issued.

**Economic Factors and Next Year’s Budget and Rates**

The District’s Board of Directors and management consider many factors when setting the fiscal year budget. In a comparison of the 2017 and 2016 budgets, operating revenues remain relatively similar. Operating expenses will also remain similar to prior year.

**Contacting the District’s Financial Manager**

This financial report is designed to provide our citizens, customers, investors, and creditors with a general overview of the District’s finances and to demonstrate the District’s accountability for the money it receives. **FAIRBANKS RANCH COMMUNITY SERVICES DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2016 AND 2015**

**Note 1 - Organization and Significant Accounting Policies:**

**Organization**

The Fairbanks Ranch Community Services District (the “District”) was formed in 1987 as the result of a reorganization involving the dissolution of the Fairbanks Ranch Sanitation District (FRSD). As a successor agency, the District encompasses the boundaries of the FRSD. The service boundary encompasses over 1,200 acres located near the intersection of San Dieguito Road and El Apajo Road, and serves approximately 610 homes, along with the Fairbanks Plaza, the Solana Santa Fe Elementary School, Fairbanks Ranch Association and the Fairbanks Ranch Fire Station. These services are funded by an annual sewer service charge levied on each parcel receiving sewer service.

The District is regulated under the provisions of Section 61000 of the California Government Code and is governed by a locally elected, five member board of directors. At the time of its formation, the District was granted the ability to provide wastewater service, public street lighting maintenance, roadside landscape maintenance, and water reclamation.

The District operates the Fairbanks Ranch Water Pollution Control Facility. The facility treats an average wastewater flow of 163,000 gallons per day (gpd), with a maximum rated capacity of 275,000 gpd.

The criteria used in determining the scope of the reporting entity are based on the provisions of GASB Cod. Sec. 2100, “Defining the Financial Reporting Entity”. The District is the primary government unit. Component units are those entities which are financially accountable to the primary government, either because the District appoints a voting majority of the component unit’s board, or because the component unit will provide a financial benefit or impose a financial burden on the District. The District has no component units.

**Significant Accounting Policies**

A summary of the District’s significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

**Method of Accounting**

The District utilizes accounting principles appropriate for an enterprise fund to record its activities. Accordingly, the statements of net position and the statements of revenues, expenses and changes in net position have been prepared using the economic resources measurement focus and the accrual basis of accounting.

The District has not elected to apply the option allowed in GASB Cod. Sec. P80.103, “Proprietary Fund Accounting and Financial Reporting” and as a consequence will continue to apply GASB statements and interpretations.

**FAIRBANKS RANCH COMMUNITY SERVICES DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2016 AND 2015**

**Note 1 - Organization and Significant Accounting Policies: (Continued)**

**Significant Accounting Policies (Continued)**

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Revenue Recognition**

The District recognizes revenues from sewer service charges when they are earned. Operating activities generally result from providing services and producing and delivering goods. As such, the District considers sewer service charges to be operating revenues.

**Investments**

Investments are stated at their fair value which represents the quoted or stated market value. Investments that are not traded on a market, such as investments in external pools, are valued based on the stated fair value as represented by the external pool.

**Allowance for Doubtful Accounts**

Bad debts are recognized on the allowance method based on historical experience and management's evaluation of outstanding receivables. Management believes that all accounts receivable are fully collectible; therefore no allowance for doubtful accounts receivable was recorded at June 30, 2016 and 2015.

**Taxes and Assessments**

Sewer service charges are billed with property taxes and assessments by the County of San Diego to property owners. The District's property tax calendar for the fiscal year ended June 30, 2016 was as follows:

Lien Date:	January 1
Levy Date:	July 1
Due Date:	First Installment - November 1 Second Installment - February 1
Delinquent Date:	First Installment - December 10 Second Installment - April 10

The County collects the sewer service charges from the property owners and remits the funds to the District periodically during the year. The District has an arrangement (Teeter Plan) with the County whereby the County remits sewer service charges which are delinquent as of each June 30 to the District in exchange for the right to retain the delinquent charges, penalties, and interest when these amounts are subsequently collected.

**FAIRBANKS RANCH COMMUNITY SERVICES DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2016 AND 2015**

**Note 1 - Organization and Significant Accounting Policies: (Continued)**

**Significant Accounting Policies (Continued)**

**Capital Assets**

Capital assets purchased or acquired with a cost exceeding \$5,000 and an estimated useful life of more than one year are reported at historical cost. Contributed assets are recorded at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation is calculated on the straight-line method over the following estimated useful lives:

Structures and improvements	15 - 50 years
Equipment	3 - 20 years
Service vehicle	20 years

Depreciation aggregated \$211,581 and \$190,976 for the years ended June 30, 2016 and 2015, respectively.

**Interest**

The District incurred interest charges on noncurrent liabilities. No interest was capitalized as a cost of construction for the years ended June 30, 2016 and 2015.

**Risk Management**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; injuries to employees; and natural disasters. The District pays an annual premium for commercial insurance covering bodily injury, property damage, personal injury, automobile liability, and public official's errors and omissions. In addition, the District carries commercial insurance for other risks of loss such as fire damage liability and crime coverage, as well as workmen's compensation. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**Fair Value Measurements**

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value hierarchy based on inputs used to measure fair value and enhance disclosure requirements for fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Level 1 or 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

- Level 1 inputs are quoted prices in active markets for identical investments that the investment manager has the ability to access at the measurement date.

**FAIRBANKS RANCH COMMUNITY SERVICES DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2016 AND 2015**

**Note 1 - Organization and Significant Accounting Policies: (Continued)**

**Significant Accounting Policies (Continued)**

**Fair Value Measurements (Continued)**

- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the investment, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the investment.

The District's statements of financial position include the following financial instruments that are required to be measured at fair value on a recurring basis:

- Investments in the California Local Agency Investment Fund (LAIF) are considered Level 2 assets and are reported at the fair value of the underlying assets as provided LAIF.

**Economic Dependency**

Virtually all of the District's revenues are derived from sewer service charges, which are billed on the County's property tax roll to approximately 610 homes, Fairbanks Plaza, the Solana Santa Fe Elementary School District, Fairbanks Ranch Association and the Fairbanks Ranch Fire Station. Interruption of this source of revenue would impact the District negatively.

**Cash and Cash Equivalents**

For purposes of statements of cash flows, the District considers all highly liquid investment instruments purchased with a maturity of three months or less to be cash equivalents.

**Subsequent Events**

In preparing these financial statements, the District has evaluated events and transactions for potential recognition or disclosure through May 1, 2017, the date the financial statements were available to be issued.

**Note 2 - Cash and Investments:**

**Investments Authorized by the California Government Code and the District's Investment Policy**

The table below identifies the investment types that are authorized for the District by the California Government Code. The table also identifies certain provisions of the California Government Code that address interest rate risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the District, rather than the general provision of the California Government Code or the District's investment policy:

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Quality Requirements</u>

**Note 2 - Cash and Investments: (Continued)**

**Disclosures Relating to Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by only investing in the California Local Agency Investment Fund or deposits with financial institutions that are FDIC insured or collateralized and by timing cash flows from maturities so that a portion of the portfolio is maturing over time as necessary to provide the cash flows and liquidity needed for operations.

Information about the sensitivity of the fair values of the District's investments (including investments held by bond trustee) to market interest rate fluctuations is provided in the previous table that shows the distribution of the District's investments by maturity as of June 30, 2016.

**Disclosures Relating to Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of the year end for each investment type.

<u>Investment</u>	<u>Rating as of Year End</u> <u>Standard &amp; Poor's</u>
California Local Agency Investment Fund (LAIF)	Not Rated

**Concentration of Credit Risk**

Concentration of credit is the risk of loss attributed to the magnitude of the District's investment in a single issue.

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. The District holds no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total District investments.

**Note 2 - Cash and Investments: (Continued)**

**Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counter-party (e.g., broker-dealer) the District will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

At June 30, 2016, none of the District's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts. At June 30, 2016, no District investments were held by the same broker-dealer (counterparty) that was used by the District to buy the securities.

**Investment in State Investment Pool**

The District is a voluntary participant in the California Local Agency Investment Fund (LAIF) that is regulated by California Government Code under the oversight of the Treasurer of the State of California. The fair value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The statements of cash flows have been prepared by considering all investment instruments purchased with a maturity of three months or less to be cash equivalents. Following is a detail at June 30:

	<u>2016</u>	<u>2015</u>

**GASB No. 68**

In June 2012, the Governmental Accounting Standards Board issued Statement No. 68, "Accounting and Financial Reporting for Pensions". This pronouncement is effective for periods beginning after June 15, 2014. This pronouncement establishes accounting and financial reporting requirements related to pensions for governments whose employees are provided with pensions through pension plans, as well as for nonemployer governments that have a legal obligation to contribute to those plans. The pronouncement did not have a material effect on the financial statements of the District in the year of implementation.

**GASB No. 71**

In November 2013, The Governmental Accounting Standards Board issue Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68. This pronouncement is effective simultaneously with the implementation of Statement 68. This statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. The pronouncement did not have a material effect on the financial statements of the District in the year of implementation

**GASB No. 72**

In February 2015, The Governmental Accounting Standards Board issued Statement No. 72, "Fair Value Measurement and Application." This pronouncement provides guidance for determining fair value measurement for financial reporting purposes and provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. Governments are required to use valuation techniques that are appropriate under the circumstances and for which sufficient data is available to measure fair value. Required disclosures include the level of fair value hierarchy and valuation techniques and should be organized by type of asset or liability. This pronouncement is effective for financial statements for periods beginning after June 15, 2015. Earlier application is encouraged. This pronouncement did not have a material effect on the financial statements of the District in the year of implementation.

**GASB No. 73**

In June 2015, The Governmental Accounting Standards Board issued Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68." This pronouncement establishes requirements for defined benefit pension plans that are not within the scope of Statement No. 68, as well as assets accumulated for purposes of providing those pensions. It establishes requirements for defined contribution pension plans that are not within the scope of Statement No. 68 and amends certain provisions of Statement No. 67. The pronouncement extends the approach to accounting and financial reporting established in Statement 68 to all pensions with modifications as necessary to reflect that for accounting and financial reporting purposes, any assets accumulated for pensions that are provided through pension plans that are not administered through trusts that meet the criteria specified in Statement 68 should not be considered pension plan assets. It also requires that information similar to that required by Statement 68 be included in the notes and required supplementary information by all similarly situated employers and nonemployer contributing entities. The requirements of this statement addressing accounting and financial reporting for employers that are not within the scope of GASB 68 are effective for financial statements for fiscal years beginning after June 15, 2016. All other provisions are effective for periods beginning after June 15, 2015. This pronouncement is not anticipated to have a material effect on the financial statements of the District.

**JUNE 30, 2016 AND 2015**

**Note 6 - New Governmental Accounting Standards: (Continued)**

**GASB No. 74**

In June 2015, the Governmental Accounting Standards Board issued Statement No. 74, “Financial Reporting for Postemployment Benefit Plans Other than Pension Plans.” This pronouncement improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This pronouncement replaces Statement No. 42 and Statement No. 57. It also includes requirements for defined contributions OPEB plans that replace the requirements for those OPEB plans in Statement No.25, Statement No. 43 and Statement No. 50. This pronouncement establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain nonemployer governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities. This pronouncement is effective for financial statements for fiscal years beginning after June 15, 2016. Earlier application is encouraged. The District has not yet determined the effects of this pronouncement on the financial statements of the District in the year of implementation.

**GASB No. 75**

In June 2015, the Government Accounting Standards Board issued Statement No. 75, “Accounting and Financial Reporting for Postemployment Benefits Other Than Pension”. This pronouncement replaces the requirements of Statement No. 45, and Statement No. 57. Statement No 74 establishes new accounting and financial reporting requirements for OPEB plans. This pronouncement addresses accounting and financial report for OPEB that is provided to the employees of state and local governmental employers. It also establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For define benefit OPEB, this pronouncement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. This pronouncement also addresses note disclosure and required supplementary information about defined benefit OPEB. This Statement is effective for financial statements for fiscal years beginning after June 15, 2017. Earlier application is encouraged. The District has not yet determined the effects of this pronouncement on the financial statements of the District in the year of implementation.

**GASB No. 76**

In June 2015, the Government Accounting Standards Board issued Statement No. 76, “The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments”. The objective of this pronouncement is to identify in the context of the current governmental financial reporting environment the hierarchy of generally accepted accounting principles (GAAP). This pronouncement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This pronouncement supersedes Statement No. 55. The requirement of this pronouncement are effective for financial statements for period beginning after June 15, 2015 and should be applied retroactively. This pronouncement did not have a material effect on the financial statements of the District in the year of implementation.

**GASB No. 77**

In August 2015, the Governmental Accounting Standards Board issued Statement No. 77, "Tax Abatement Disclosures". This pronouncement requires disclosure of tax abatement information about a reporting government's own tax abatement agreements and those that are entered into by other governments and that reduce the reporting government's tax revenues. This pronouncement requires governments that enter into tax abatement agreements to disclose brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients, the gross dollar amount of taxes abated during period and commitments made by a government, other than to abate taxes, as part of a tax abatement agreement. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2015. Earlier application is encouraged. The District has not yet determined the effects of this pronouncement on the financial statements of the District in the year of implementation.

**GASB No. 78**

In December 2015, the Governmental Accounting Standards Board issued Statement No. 78, "Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plan". This pronouncement amends the scope and applicability of Statement No. 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan that is not a state or local government pension plan, that is used to provide defined benefit pensions both to employees of state or local governmental employers and to employers, and that has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). This Pronouncement establishes requirements for recognition and measurement of pension expense, expenditures, and liabilities; note disclosures; and required supplementary information for pensions that have the characteristics described above. The requirements of this Pronouncement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged. The District has not yet determined the effects of this pronouncement on the financial statements of the District in the year of implementation.

**GASB No. 79**

In December 2015, the Governmental Accounting Standards Board issued Statement No. 79, "Certain External Investment Pools and Pool Participants". This pronouncement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. This pronouncement establishes additional note disclosure requirements for qualifying external investment pools that measure all of their investments at amortized cost for financial reporting purposes and for governments that participate in those pools. The requirement of this pronouncement are effective for reporting periods beginning after June 15, 2015 except for certain provisions on portfolio quality, custodial credit risk, and shadowing pricing. Those provisions are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged. This pronouncement did not have a material effect on the financial statements of the District in the year of implementation.

**JUNE 30, 2016 AND 2015**

**Note 6 - New Governmental Accounting Standards: (Continued)**

**GASB No. 80**

In January 2016, the Government Accounting Standards Board issued Statement No. 80, "Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14". This pronouncement amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units including in the financial reporting entity pursuant to the provision of Statement No. 39. The requirements of this pronouncement are effective for reporting period beginning after June 15, 2016. Earlier application is encouraged. The District has not yet determined the effects of this pronouncement on the financial statements of the District in the year of implementation.

**GASB No. 81**

In March 2016, the Governmental Accounting Standards Board issued Statement No. 81, "Irrevocable Split-Interest Agreements". This Pronouncement requires that a government that receives resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement. Furthermore, this Pronouncement requires that a government recognize assets representing its beneficial interests in irrevocable split-interest agreements that are administered by a third party, if the government controls the present service capacity of the beneficial interests. This Pronouncement requires that a government recognize revenue when the resources become applicable to the reporting period. The requirements of this Pronouncement are effective for financial statements for period beginning after December 15, 2016, and should be applied retroactively. Earlier application is encouraged. The District has not yet determined the effects of this pronouncement on the financial statements of the District in the year of implementation.

**GASB No. 82**

In March 2016, the Governmental Accounting Standards Board issued Statement No. 82, "Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73". This Pronouncement addresses issues regarding the presentation of payroll-related measures in required supplementary information, the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and the classification of payments made by employers to satisfy employee (plan member) contribution requirements. This Pronouncement amends Statements 67 and 68 to instead require the presentation of covered payroll, defined as the payroll on which contributions to a pension plan are based, and ratios that use that measure. The requirements of this Pronouncement are effective for reporting periods beginning after June 15, 2016, except for the requirements of this Statement for the selection of assumptions in a circumstance in which an employer's pension liability is measured as of a date other than the employer's most recent fiscal year-end. In that circumstance, the requirements for the selection of assumptions are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. Earlier application is encouraged. The District has not yet determined the effects of this pronouncement on the financial statements of the District in the year of implementation.
